

Committee Members ; Please be advised that J&J Car Care Center Inc, 271 Post Road East , Westport Ct. which is co owned by Jay Ostreicher and John Fisher support HB 5082 and we oppose bill SB 375 and feel that if SB 375 were to pass that we and many other service stations would be put out of business . Environmental Protection is important in our industry and we abide by the Federal and State laws on a daily basis . We do feel that society as a whole is responsible for the need for gasoline and other petroleum products and that the State of Ct Super Fund should be collected as an end user tax . If these funds are properly earmarked and with proper stewardship they will be there when needed . Thank You Respectfully Jay Ostreicher, John Fisher 03/16/2012
