**RE: Senate Bill 83, Public Hearing**

Dear Committee Member;

I apologize for being unable to attend the public hearing regarding Senate bill 83. Please accept these written comments and include them in the record.

I respectfully request that you support the referenced bill to allow archery hunting on Sunday. This is a passive activity that supports an important conservation function. This passive activity will not diminish use of the outdoors by non hunting citizens and will add economic benefits to the economy.

Thank you in advance for your attention in this matter.

Sincerely,

Mike Nintean
