LETTER IN SUPPORT OF S.B. 83

Environment Committee
Connecticut General Assembly
Legislative Office Building
300 Capitol Ave
Hartford, CT 06106

Re: **S.B. No. 83 AN ACT AUTHORIZING BOW AND ARROW HUNTING ON SUNDAY UNDER CERTAIN CIRCUMSTANCES.**

Senator Meyer, Representative Roy and Distinguished Members of the Environmental Committee:

My name is Ted Pert and **I urge you to support S.B. No. 83.**

Connecticut's Sunday hunting ban is simply an antiquated blue law that needs to be repealed.

Sunday hunting on private land should be allowed. Being on private land it wouldn't interfere with public use of public hiking trails. A lot of hunters work on Saturday; it would allow them a chance to hunt on Sunday.

Sincerely,

Ted Pert
