2 statutes is repealed and the following is substituted in lieu thereof
3 (*Effective from passage*):

4 [(a)] For the fiscal year commencing on July 1, 1987, and thereafter,
5 any student (1) who is a resident of the state as defined under sections

8 time basis at any postsecondary school, technical institute, college or

10 students to bring state student financial assistance funds into
11 Connecticut shall be eligible for financial assistance under the capitol
12 scholarship grant program at any stage of postsecondary study. All
13 such institutions shall be previously approved or accredited by the

14 Board of Regents for Higher Education or by the State Board of

 17 achievement or performance on standardized academic aptitude tests,
 18 as determined by the Board of Regents for Higher Education. The
 19 maximum award tendered to a student attending an institution in the
 20 state shall not exceed three thousand dollars annually. The maximum
 21 award tendered to a student attending an out-of-state institution shall

Explanation

The bill eliminates a moratorium for FY 12 and FY 13 on new students receiving financial assistance under the Capitol Scholarship Program. Eliminating the moratorium on new students does not result in an additional cost to the state, as the program is limited to spending only what is appropriated. However, removing the moratorium does result in a redistribution of scholarship funds.

SCHOLARSHIP DISTRIBUTION:

In FY 12, funding for the Capitol Scholarship Program was reduced from approximately \$8.8 million to \$4.4 million. The maximum awards were reduced by one-third: from \$3,000 to \$2,000 for four-year schools, from \$750 to \$450 for two-year schools, and from \$500 to \$350 for schools in reciprocal states. This funding level served 3,378 returning students. The moratorium left approximately 1,800 new, eligible students without awards. It is unclear what the distribution impact to FY 12 would be, as the awards have already been granted.

By eliminating the moratorium and providing funding at the Governor's Revised FY 13 level of \$3.8 million, the maximum awards would be reduced by half: from \$3,000 to \$1,500 for four-year schools, from \$750 to \$375 for two-year schools, and from \$500 to \$250 for

schools in reciprocal states. This would serve the 3,400 returning students and approximately 900 of the 1,800 new, eligible students for a total of 4,300 students.

If funding remained at the original FY 13 level of \$4.4 million, all 1,800 new, eligible students would receive reduced awards.

The impact of FY 14 would be dependent on the appropriation level as well as the number of new, eligible students.

The Out Years

The annualized ongoing fiscal impact identified above would continue into the future subject to the appropriation level and number of eligible students.

OLR BILL ANALYSIS**HB 5276*****AN ACT CONCERNING THE CAPITOL SCHOLARSHIP GRANT PROGRAM.*****SUMMARY:**

This bill eliminates a moratorium for FY 12 and FY 13 on new students receiving financial assistance under the Capitol Scholarship grant program. Under current law, students cannot receive a Capitol Scholarship grant in FY 12 or FY 13 unless they received a grant in FY 11. The bill also eliminates a requirement that grants be proportionately reduced in FY 12 and FY 13 if total program grants exceed the program's budgeted appropriation.

Capitol Scholarship grants are available to state residents who have not received a bachelor's degree and have been accepted at a postsecondary school, technical institute, college, or university in Connecticut, or in any other state that allows its students to bring state student financial assistance funds into Connecticut. Grant awards are based on academic performance and financial need. Maximum grants are \$3,000 per year for those attending in-state institutions and \$500 per year for those going out-of-state.
