RE: Senate Bill # 25 section 2 (b) (2).

Dear Sir;

The New Canaan Fire Department supports Senate Bill 25 section 2 (b) (2) which specifically pertains to "Capital construction, improvements, repairs, renovations, and land acquisition at fire training schools, not exceeding \$28,200,000." The Connecticut State Firefighters Association feels this bill is extremely important for firefighter training and safety. The New Canaan Fire Department regularly uses the regional fire schools for training its firefighters. The proposed upgrades will enhance firefighter capabilities and safety.

Regards,

John Hennessey
Assistant Chief
