

I Diane morales 506 king st unit 20 bristol ct 06010 Castillian condominiums

Am In Favor of HB5536 And IN Favor HB5511 (testimony)

I hope this goes through. I have been living in a condo for 8 years with "8 years " of special assesments. 800.00 dollars a year on top of regular condo fees. And no one recieves financials EVER. No work has been done at all through these extra monies. The board members are bullies. I am so happy to have found ctcondo because they have given me some power to stand up to these people. Now I recieve financials. (still nobody else does except board members) I could go on and on lol Thank you
