Subject: protection of the law banning pesticides on school playing fields

Yes, please, do not let the law banning pesticides from school lawns and playing fields be weakened. I can't understand why parents don't rise up in a chorus to say, "Please, please protect our children." The public is held hostage by deceptive advertising and inability to know that what is in the water, our food, our air, the grass our children play in really can kill us. Please protect the law I write to support. Thank you. Cynthia C. Willauer, 55-1 Beaver Brook Road, Lyme, CT 06371
