Subject: Bill 5155 AN ACT MODIFYING THE BAN ON PESTICIDE APPLICATIONS ON SCHOOL GROUNDS.

"The state of Connecticut worked for years to protect our smallest school children from many different toxins, including pesticides. Pesticides are one of those toxins that have been well documented as having the ability to cause harm to health — especially for small children. Pesticides are designed to kill living things — whether those things are unwanted plants or unwanted insects."

DON'T REGRESS - PLEASE DO NOT ALLOW PESTICIDES TO BE USED IN OUR SCHOOLS

Thank you
