Subject: House Bill 5155

Dear Ms. Blancato,

I am writing to you for all the members of the Orchard Valley Garden Club of Southington, Inc.. We are 72 members strong and do not want Bill 5155 to pass. We do not believe that pesticides are safe, especially for our children and grandchildren. We hear daily how pesticides hurt the environment and our bodies and children, because of their smaller size, are even more affected by pesticides. Lawn care pesticides are not necessary for grass to grow and survive, there are many organic methods available now for this. So please convey this to the committee that we as a Garden Club are very opposed to Bill 5155.

Sincerely,

Uta Zickfeld
415 Flanders Rd.
Southington, CT 06489
