PLANNING & DEVELOPMENT COMMITTEE

March 21, 2012

The Connecticut Conference of Municipalities (CCM) is Connecticut's statewide association of towns and cities and the voice of local government - your partners in governing Connecticut. Our members represent over 90% of Connecticut's population. We appreciate the opportunity to testify on bills of interest to towns and cities.

H.B. 5538 "An Act Concerning Property Exemptions for Solar Installations"

While CCM appreciates the intent behind this proposal, it would add yet more items to the ever-increasing list of state-mandated property tax exemptions. Therefore, CCM opposes HB 5538.

Towns and cities lose staggering amounts of revenue as the result of about 65 state-mandated property tax exemptions including exemptions from the real and personal property owned by the State and by private colleges and hospitals. These state-imposed obligations and state-imposed revenue losses force all municipalities to increase their property tax rates. A list of exemptions is enclosed.

HB 5538, despite its good intentions, would be yet another unfunded state mandate imposed on Hometown Connecticut and their residential and business property taxpayers.

CCM urges the Committee to **instead focus on providing mandate relief** to towns and cities.

We urge you to take no action on this bill.

Thank you.

STATE MANDATED PROPERTY TAX EXEMPTIONS

Every year there are many well-intentioned proposals to reduce the property tax burden of one group or another. Everybody wants out of the property tax – but peeling off one group after another is not reform. Again, these would only serve to shift the burden of those taxes to the remaining property owners of a given municipality.

Currently, there are close to two-dozen opportunities for property tax abatement at municipal option and 77 mandated ones (see below).

In an economy where local officials are struggling to sustain critical services – amidst growing deficits, evaporating revenues, and layoffs – this bill would negatively impact hometown budgets. Towns and cities have already suffered significant cuts in state aid over the last several years and the State is currently grappling with a huge deficits. This is not the time for enacting any new unfunded mandates, no matter what the reason.
