Subject: RE: Lawncare on school grounds - Bill 5155

Dear Ms. Blancato.
I failed to mention this is in response to Bill 5155.
Kind regards,
Ann

Dear Ms. Blancato:

I am writing to express my shock and horror at the fact that there is a chance that the bill put in place to protect children from harmful toxins may be rolled back. Why would the state of Connecticut change its mind in its promise to protect our small children?

EVERYONE deserves the right to be protected from these dangerous lawn chemicals. The law should be broadened to ban the use of these toxins throughout the state. It is ridiculous that we have to fight to stop the reversal of protecting small children. How evil greed is!

Organic lawns are: 1) healthier; 2) less expensive; 3) more attractive; 4) just plain the right thing to do.

Do the right thing Connecticut. Protect our children,
