Subject: Pesticide ban

Dear Allison,

I am writing to support the continuation of the ban on all pesticide applications in our schools. Pesticides have been well documented as having the ability to cause harm to health, especially for children. Pesticides are designed to kill living things - they have no place near our kids. I have two grandchildren in school, and I would like to do all I can to keep them from harm. Please protect our children from pesticide exposure while they are in our schools.
