Subject: opposition to Bill 5155 - AN ACT MODIFYING THE BAN ON PESTICIDE APPLICATIONS ON SCHOOL GROUNDS

Date: February 22, 2012

To: Allison Blancato (Allison.Blancato@cga.ct.gov)

Re: Opposition to Bill 5155 - AN ACT MODIFYING THE BAN ON PESTICIDE APPLICATIONS ON SCHOOL GROUNDS

Please accept this note from me, on behalf of the two organizations noted below, as confirmation that we stand in strong opposition to the modifications specified in the Bill 5155. The current bill that protects students and staff from exposure to dangerous pesticides should stand as is, not weakened with Integrated Pest Management (IMP). IMP is not a methodology that will be effective in protecting people from harm, especially in a school environment.

With best regards,
