My name is Pastor Rha-Sheen Brown and I reside at
214 Hart Street New Britain CT 06052. I think
it's unfair that people, who are minorities
and within my community, don't have health insurance.
I support this bill.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB-425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,
