PUBLIC HEALTH COMMITTEE MEMBERS  
Legislative Office Building, room \_\_\_\_\_  
Hartford, CT 16106

My name is Cristina Octave and I reside at 15 Union St 3rd Fl. I am in support of Health care 4 everyone because my husband does not have insurance. He is a father of four young children. He gets really bad migraines but is not able to see a doctor ~~from~~ for it. There are times when he cannot get out of bed and we have medical bills be unpaid because we can not afford them.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB. 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name:
