March 17, 2012

Public Health Committee Members
Legislative Office Building, room _____
Hartford, CT 16106

My name is Dalene and I reside at _____

There should be help for people who
have medicap needs. We pay taxes
Someone needs to stand up for those who
need ins. but can't afford it. I work two
jobs and on a spend down from the
state. How can you give ins then take it
back. Send a card but can't use it.
Shameful

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB. 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: Dalene Montford
