PUBLIC HEALTH COMMITTEE MEMBERS
Legislative Office Building, room _____
Hartford, CT 16106

My name is GERMEL SMITH and I reside at
78 RHODES ST I Believe this bill should be passed because
I have witness death for the reason of them not having
INSURANCE to cure their sickness or injuries.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,
