PUBLIC HEALTH COMMITTEE MEMBERS
Legislative Office Building, room _____
Hartford, CT 16106

My name is Jessica Cyran and I reside at
4 Lincoln Court, New Britain, CT 06052. I feel that
everyone should have healthcare; it helps and
educates having health care.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB. 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: Jessica Cyran
