My name is Nathan Rubert and I reside at  
105 Clinic Dr Apt 204 New Britain CT 06051  
I don't have health insurance and this will  
help me and my family.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB. 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: Nathan Rubert
