Committee on Public Safety and Security

Members of the Committee,

I am writing to express my support to the modifications to Connecticut General Statute 29-28a that are contained in House Bill 5245.

This bill contains language to make clear the requirements of what documents need to be submitted with the application for a permit to carry pistols or revolvers. This is a good clarification that should help to eliminate some of the confusion and frustration currently surrounding the application process currently.

I am glad to see this clarification as a start, and I hope to see more wide reaching changes in the near future including penalties to local and state police for violating Connecticut General Statutes 29-28 and 29-29.

Connecticut Carry endeavors to be dedicated to advancing and protecting the fundamental civil rights of the men and women of Connecticut to keep and bear arms for self defense of themselves and the state as guaranteed by the United States Constitution and the Constitution of Connecticut.

Respectfully,

Richard Burgess

President
