Dear Ms. Blancato

I am writing this letter in support of the current law banning pesticides at Connecticut Schools and Playgrounds.

Pesticides are horrifically dangerous and I am proud that Connecticut is in the forefront of banning them. We MUST NOT backslide and allow this legislation to be rescinded.

There is absolutely NO reason for pesticides to be used other than to line the pockets of the large chemical companies who care not one bit about the health and safety of our children, pets and wildlife.

Thank you for your time
