Public Health Committee Members
Legislative Office Building, room _____
Hartford, CT 16106

My name is Joanna m. DIAZ and I reside at 100 Cannon Rd. East Hartford, CT 06108. I believe we need healthcare for the simple fact that more and more people are falling ill for not having the ability to have healthcare. And if those opportunities were presented there would be a greater chance of catching illnesses early on. Bringing people closer to their families.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB. 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: Joanna m Diaz
