PUBLIC HEALTH COMMITTEE MEMBERS  
Legislative Office Building, room \_\_\_\_\_  
Hartford, CT 16106

My name is Lillian Castro and I reside at  
56 Spring St in New Britain the reason  
health care should be given because before  
I got custody of my grandkids I could not  
get health care

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised ~~SB.425~~ An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: Lillian Castro
