## STATE GRANTS FOR MUNICIPALITIES

By: Joseph Holstead, Principal Analyst

You asked about state grants available to municipalities.

### SUMMARY

The Office of Fiscal Analysis' (OFA) 2010 [Summaries of Connecticut State Grants](#), the latest available edition, provides information on 45 different grants to municipalities. Table 1 below, courtesy of OFA, provides further information on these grants. We also provide information on Small Town Economic Assistance Program (STEAP) and Urban Action grants, which is not included in OFA's *Summaries*.

STEAP grants are available for economic development, community conservation, and quality of life projects for municipalities that are ineligible to receive Urban Action funds (STEAP targets relatively small towns with no major urban center while the Urban Action Grant Program typically targets large, fiscally distressed towns with urban centers).

A 2011 law also makes groups of municipalities eligible for STEAP grants, as long as each municipality that is a member of the group is otherwise eligible for the grants (PA 11-123). A municipality can receive up to \$500,000 each fiscal year in total STEAP grants, including any grants it receives as part of a group ([CGS § 4-66g](#)).

The Office of Policy and Management (OPM) administers STEAP. OPM's list of FY 11 grant awards is available here: [http://www.ct.gov/opm/lib/opm/budget/steap/fy2011\\_steap\\_awards.pdf](http://www.ct.gov/opm/lib/opm/budget/steap/fy2011_steap_awards.pdf).

An OFA report containing information on STEAP, including projects awarded for each town since 2002, is available here: [http://cga.ct.gov/ofa/Documents/year/STEAP/2011STEAP-20101007\\_STEAP%20Town-by-Town.pdf](http://cga.ct.gov/ofa/Documents/year/STEAP/2011STEAP-20101007_STEAP%20Town-by-Town.pdf).

Urban Action Grants are discretionary grants to municipalities meeting certain statutory criteria. The program is open to towns designated as (1) economically distressed as defined by CGS § 32-9p(b), (2) public investment communities, or (3) urban centers under the state's Plan of Conservation and Development. Eligible projects include economic development, transit, recreation, solid waste disposal, housing, day care, elderly centers, emergency shelters, historic preservation, and various urban development (CGS § 4-66c). A copy of the Department of Economic and Community Development's Urban Action application for municipal Development is available here: [http://www.ct.gov/ecd/lib/ecd/Microsoft\\_Word\\_-\\_Urban\\_Act\\_Application-Mun\\_Dev.pdf](http://www.ct.gov/ecd/lib/ecd/Microsoft_Word_-_Urban_Act_Application-Mun_Dev.pdf).

## **TABLE OF GRANTS TO TOWNS**

Table 1 below describes state grants to towns, organized by their implementing agency. For each grant, it includes the statutory citation, whether it is mandatory or discretionary, the grant's description, and any factors or formulas used for the grant. The table indicates whether a grant is a mandated state grant (M/S), discretionary state grant (D/S), or federal grant through the state that is mandatory (M/F) or discretionary (D/F).

**Table 1: State Grants to Towns**
