**Written Testimony**

On behalf of the Montville Commission on Aging, I am writing testimony in support of **Bill 517, AN ACT CONCERNING SENIOR SAFETY ZONES**. The Montville Commission on Aging has been in support of this bill in the past and has sent previous testimony, which clearly states our desire to have and keep our seniors safe.

We urge your support of **Bill 517 ACT CONCERNING SENIOR SAFETY ZONES** declaring senior centers across our State **Senior Safety Zones**. We believe measures taken to ensure the safety of our seniors and designated areas for senior to congregate without fear of victimization are essential to the safety and well-being of our elderly population.

We implore your support of this Bill. Please take this first step in helping to make our seniors in the State of Connecticut a little bit safer and vote to declare senior centers **Senior Safety Zones!** We appreciate your understanding and ask for your support with this issue.

Respectfully,

Kathleen Doherty-Peck  
Commission Chair  
Town of Montville
