**Subject:** HB #6357

The Windham County Conservation Consortium (WCCC) is opposed to the transfer of funds from the CIA Fund to the Healthy Foods Initiative. The healthy Food Initiative is important but should be funded under the Department Of Education Budget. Diverting funds for the CIA will negatively impact open space, farmland preservation, affordable housing projects and historic properties. Please do not allow the CIA fund to be used for this purpose .

Wayne Kilpatrick  
Coordinator, Windham County Conservation Consortium (WCCC)
