Dear governor Dannel p. Malloy,

My name is Hamdouche Khadija, I'm 27 years old. I have fifteen month old son, named Elias. I attend Middletown Adult Education in Middletown, CT. My son and I participate in the Even Start program. It is wonderful and helpful program which is help me to come to school every day to improve my English that is the main principal language of the united states .by learning English, the life will be easy for me here and I can get a job to support my children. And for that, I need the even stare program to take care of my son. This program provides us a safe place for our children. And the teacher teaches us what to look for in quality child care. Another thing this program provides us with the bus tickets. I believe that this program should stay around for a long time.
