Subject: SB-307 Testimony

3/22/2013

Dear Members of the committee,

Please accept this testimony in support of SB-307. I believe enforcing the many firearms laws that CT currently has should be a priority. Anything that helps cut off the supply of firearms into the hands of criminals is a good thing. Punishing law abiding gun owners who have committed no crime is not.

Criminals who are caught in possession of stolen firearms or who are simply prohibited from possessing any firearms due to previous convictions should be the top priority over passing legislation restricting what firearms citizens who have not broken any laws may possess.

As this law is one of the very few that do not infringe on the rights of law abiding gun owners I firmly believe that it actually is "common sense" legislation.

Thank You for your time,
