BIOSCIENCE AND PHARMACEUTICAL BUSINESSES IN SOUTHEASTERN
CONNECTICUT

March 9, 2013

Terri Hinchey

26 Judd Ave. Mystic, CT

Senator LeBeau, Representative Perone, and members of the Commerce Committee:

I am Terri Hinchey and I want to testify in support of HB 5460, AN ACT ESTABLISHING A MODEL PLAN FOR EMERGING BIOSCIENCE AND PHARMACEUTICAL BUSINESSES IN SOUTHEASTERN CONNECTICUT.

March 9, 2013

I am a scientist In Connecticut, who recently was affected by Pfizer moving my job to MA. I support this bill because there is a unique opportunity to capitalize on the density of talent and space that exists in Southeastern CT. Something needs to be done to maintain these highly trained talented people from leaving the state to work across state lines in RI or MA. Southeastern CT scientists are under employed and need to be put back to work!

Thank you for the opportunity to testify and show my strong support for this bill.
