

I know that your committee is considering changing the law to allow a short on-line computer course to take the place of classroom-based safe boating courses. That's the change in the law that is also is going to allow on-line training for firearms. This is a really bad idea.

Please do not allow this new law to go into effect –

- this rule change has not been well publicized so that the public can comment on it  
you can learn from other students while you are at home taking the course on your laptop

how do you know that the person taking the test is really the person who took the course

I STRONGLY oppose changing the regulations/laws regarding Boating Safety and Hunter Safety training at this time.

Thank you -
