

Committee Members, I am a former president of the United Bow Hunters of Ct, I have given testimony for years, as we have tried to put forth bills to allow Sunday Bow Hunting, we at that time believed we should be able to hunt all land where bow hunting is allowed, some how our efforts never came to reality, I believe this new bill S.B.No.915 to allow bow hunting on Private property with the Land owners permission should by all rights be passed! if any land owner does not want his or her bow hunter to hunt on Sunday on there property they do not have to allow it,

I believe this would give the bow hunters in the state the opportunity to bow hunt 16 more days, this would also give bow hunters who work on Saturday a most deserved opportunity to hunt on Sunday as long as there land owners give them permission, Most land owners I talk to about Bow hunting there property do not know why Sunday hunting is not allowed now, Please pass this bill and allow the bow hunters of this State to enjoy the sport they love, as with the football fans , baseball fans etc.

Thanks You,

Anthony "Del" DelMastro
