To whom it may concern:

Please be advised that the proposed change ([H.B. No. 6541](#)) to Connecticut's statutes in order to permit on-line boating training in meeting the state's mandatory boating education requirements would not invalidate the existing Memorandum of Understanding between the states of New York and Connecticut whereby each agrees to recognize the certificates issued by the other to residents when otherwise required to possess a boating safety certificate.

Please feel free contact me directly should there be any questions. 518-474-0445

Sincerely,

Brian Kempf
