

Please accept this as my testimony (for public hearing held on 3/8/13) in **OPPOSITION to a provision within SB 1018**, AAC enforcement of environmental conservation laws.

I oppose the provision which would legalize the use of snares for trapping, and ask that you KEEP SNARES ILLEGAL.

**Snares are cruel and are not selective, i.e., any animal can become the victim.**

**I am a registered voter and this issue is important to me.**

Yours truly,
