COMMITTEE
PUBLIC HEALTH COMMITTEE
EDUCATION COMMITTEE

Dear Senator Fonfara, Representative Widlitz, Senator Frantz, Representative Williams and members of the Finance, Revenue and Bonding Committee.

As both the state representative and a board of selectman member for the Town of Seymour, I urge you to support HB 6602 AN ACT CONCERNING RENEWAL OF TEMPORARY NOTES.

The Town of Seymour has been fortunate in building and refurbishing school structures over the past several years. It was brought to my attention at the end of 2012 that the 10 year construction note term for Seymour Middle School will be due on May 1, 2013. By extending the time for the temporary notes, it will allow the town to apply for state reimbursement of 1.3 million dollars. Without this extension, the town will need to pay about 550,000 dollars during a time where we have been impacted with several large storms that are affecting our local budgets.

Thank you for considering this to allow the town to continue to move forward.

Sincerely,

Theresa W. Conroy
State Representative
