Subject: e-testimony regarding Proposed House Joint Resolution Number 3

I would like to urge Connecticut legislators to back Proposed House Joint Resolution Number 3, which would require the General Assembly to request the Congress of the United States to propose an amendment to the United States Constitution, for ratification by the states, to reverse the ridiculous Supreme Court decision in Citizens United.

Our so-called democracy was already on pretty shaky ground. Many citizens already felt that they had little say in what went on in our country. Citizens United makes all our individual voices so much smaller. Corporations are not people and they should not have the right to spend unlimited amounts of money to influence our elections.

Please, let us try to overturn that hideous decision.
