

Mr. Veltri,

I am writing as a member of the Ridgefield Conservation Commission, the Ridgefield Garden Club and the Norwalk River Watershed Association with regard to several bills proposed to make changes to the affordable housing ruling 8-30g. Over the past year, several building projects with 8-30g projects have been proposed in Ridgefield. These proposals have consistently overstepped watershed and lot coverage guidelines, disregarding the intelligent and aesthetic development of our in-town properties.

I would encourage the passage of the following bills:

HB 6117

HB 6119

HB 6120

HB 6121

HB 6124

Thank you for your consideration.

Kitsey Snow
