To Whom it May Concern,

I am writing to state that I Charles Tucker of Cromwell, Ct oppose the bill that requires gun owners to carry liability Insurance for and gun. This bill will only serve the insurance industry and will only put a hardship of another bill for people to pay. It is my oppinion that it should be up to the person not the gov. to buy or have insurance on their guns not the state. We as a Nation have payed to much for the act of criminals and this is just another way to make us pay more. What good comes from paying for Liability Insurance? Is this going to keep us safe or is this just another way to blame someone else for the misguided few. We have made it bartenders falt that the drunk killed someone with his car we blame woman that get asalted for the way they are dressed or their passed sexual history like the rapist knows that and no one blames the person who commits these acts becouse he was abused as a child. where does it all stop. I personaly do not believe that this Liability insurance will stop anyone from shooting any one with a gun that they received by stelling it or purchasing it illegaly. Just for a side note I am a Firearms Instructor and I do carry Liability Insurance but it is my choice.

Thank you

Charles Tucker
