Dear Chairman Crisco and Chairman Megna,

I am testifying against proposed HB 6656. This would put an undo burden on myself and my family. Adding mandatory insurance to law abiding gun owners is nothing more than a taxing them. My family and I are just making ends meet. With my wife having lost her job over three years ago and unable to find another I am the sole provider. I can not afford any more financial burdens.

It is very important I keep my family safe. With a required insurance, I fear this task would be much more difficult. Please do not pass this law.
