Subject: HB 6656

I am writing today in opposition of HB 6656 AN ACT CONCERNING LIABILITY INSURANCE FOR FIREARM POSSESSORS OR OWNERS.

The thought of requiring liability insurance to exercise a CONSTITUTIONAL RIGHT is absolutely BLASPHEMOUS! If any body should carry liability insurance, you should require all criminals to register with the State and carry liability insurance, oh wait, I think the Public Safety Commission is working on that for you by making legal gun owning citizens criminals.

If this bill makes it out of committee, maybe next you can work on requiring members of the press to obtain liability insurance against cases of slander! If one Amendment requires liability insurance, they all need to.
