To
Insurance and real estate Committee

I am reponding to the ludicrous Bill -H.B. 6656

Besides the fact that this Bill would severely infringe on both our C.T. Constitution and Federal ' Bill of Rights'. I ask you could C.T. possibly perpetrate a more aggressive coordinated attack against the law abiding 'Gun Owners of the State. ???

Don't you see that people and busineses are leave those States where the free enterprise system and our 2A Rights are under attack ??

People are revolting in N.Y.-read the News !! , 'Magpul' a major Magazine manufactuerer is leaving Colorado with hundreds of jobs.

Say 'No' to this Insanity..Gun manufactureres are leaving C.T....at a alarming pace...Once the Firearms Manufactuer Capital of the Country- No more !!!!!

Sincerely
Marc Ruby
