All Concerned with Act HB 6656,

This act is outrageous in its over reaching demands on gun owners. First it creates villains out of legal gun owners concerned with their personal safety. Again, Connecticut legislators put a burden on innocent, would be, victims instead of fully persecuting the perpetrators and holding them responsible for any damages that they were responsible for. They created a situation were an innocent victim felt it necessary to use a firearm to defend themselves so the criminal should be held responsible for any and all damages, including the intended victim. For God's sake, leave the gun owner alone. Sportsman and individuals interested in personal safety should not be penalized for exercising a God given right. From a sportsman's point of view, were does this madness end? How about soaking parents for allowing their children to participate in organized sports? There is a risk of injury there. Forcing gun owners to purchase insurance for their passion makes just as much sense as forcing parents to purchase special insurance for encouraging there children to play basketball. Please STOP THE INSANITY!!! REPRESENT US AND OUR RIGHTS INSTEAD OF CONSTANTLY CHOKING OUT OUR RIGHTS AND FORCING YOUR OWN AGENDA!! STOP IT, NOW!!
