Subject: I Oppose Bill 6656 - AN ACT CONCERNING LIABILITY INSURANCE FOR FIREARM POSSESSORS OR OWNERS

I Oppose Bill 6656, as this bill, like the majority of the firearms related bills being proposed by Connecticut lawmakers this year, is discriminatory against law-abiding gun owners and does nothing to stop gun violence. The obvious goal of this bill and the others being "debated" is to make firearm ownership extremely difficult and expensive in CT - so that the people are effectively disarmed. It increasingly looks like CT law-abiding gun owners would be better off by leaving the State of CT.

I will continue to work with fellow citizens to vote out of office politicians who are inept, anti-gun, and/or fail to honor their oath of office.
