Good Morning Committee Members,

Do not pass any laws that will encroach or intrude on second amendment rights. The Declaration of Independence makes mention of tyranny and the long chain of abuse from King George III. This certainly fits what's going on in America today. We are suffering the same abuse. Key point. Remember your oath of office: to protect and defend the U S Constitution. Meanwhile violent criminals do whatever they've always done: stealing or obtaining their guns through illegal sources. Insurances will not affect criminals.

Very Respectfully,
Gary Faraon
