Subject: My Testimony in opposition to HB6656

Dear committee,

I oppose HB6656. Requiring insurance on firearms ownership is akin to requiring insurance on free speech. We do not have to pay a yearly fee for any other constitutional rights so why should we have to pay for our 2nd amendment rights?

It will also cause many low income families to be unable to defend their homes as they will be unable to afford to pay for excess insurance. You are possibly forcing people to become defenseless simply because they cannot afford to pay.

To summarize HB6656 will do absolutely nothing to curb violence but will only serve to disarm law abiding citizens and line the pockets of insurance executives.

Respectfully,
Jason Bell
