AN ACT CONCERNING LIABILITY INSURANCE FOR FIREARM POSSESSORS OR OWNERS

I am writing to you today to register my **OPPOSITION to Raised Bill No. 6656** for the following reasons, and urge you to do the same.

- ***Discrimination:*** against legal gun owners; legislating against a population of your constituents for exercising their ***LEGAL 2nd Amendment RIGHT*** (not "privilege")
- ***CRIMINALS*** do not buy liability insurance
- Will ***governments/agencies*** be required to insure firearms in the event they someday might fire on me? And if so, MY taxes will be paying for it, therefore, I OBJECT.
- ***Is Governor Malloy jeopardizing gun manufacturers and their employees, and the REVENUE that they generate, the right to business and jobs here Connecticut; while he is spending MY MONEY to make DEALS with insurance companies to FORCE me to purchase a product EXPRESSLY to discriminate against me and deny my rights? Where is the TRANSPARENCY here? What ties does Malloy have, or what deals has he made with the insurance company coming into Stamford? What a coincidence??!!***

Forcing gun owners to buy insurance is just another back-door, stealth, covert action toward registration and disarmament. Insurance companies don't cover intentional damage - In fact they call that fraud.

Translation for the IMPAIRED: INSTANT DE-FACTO TOTAL DISARMAMENT.

That said, if the state ***UNCONSTITUTIONALLY FORCES*** me to buy insurance to cover accidental or intentional injury or damage from my firearms, I should be ***allowed to also insure so-called "assault weapons", and carry them, wherever and whenever I wish, after all, I would be paying for them.***
