Subject: No to HB 6656

I am writing in opposition to house bill 6656.

Somebody is grasping at straws here. Clearly this bill could never pass into law. Requiring liability insurance on any of our constitutional rights is unthinkable.

Please strike this bill down and throw it in the trash where it belongs.

Thank you for all the effort the committee is putting into educating themselves on firearm use either for sporting or defense purposes. Thank you for taking your time to really look into the real world problems of gun violence and separating the lawful owners of firearms from the criminals who only obey their immediate impulses.

Thank you again, Mike Agnifilo
