

Dear Committee Members,

My name is Kirk Tavtigian. I am an attorney in private practice. I strongly support Proposed Bill 5666, An Act Concerning The Forfeiture Of Moneys And Property Derived From Human Or Sex Trafficking. Human and sex trafficking is a significant and ongoing problem. Enactment of Proposed Bill 5666 will act as a deterrent to those who profit from human and sex trafficking. From a legal perspective, I believe that the bill is well drafted, clear and enforceable, and will accomplish its intended goals. I urge the Legislature to enact this bill. Thank you.
