Subject: I support the 6695 residency/zipcode Law

To Whom It May Concern:

I Annette Callahan of Illinois, is in full support of the 6695/residency/zipcode education law. I am a parent of 5, three whom are still in school, 2, are college graduates (Vanderbilt University and Creighton University), 2 in middle school and 1 a sophomore attending, Northern Illinois University . I have struggled for many years trying to get my children into a high quality school, due to where we lived the schools were failing my children. We all know that in order to build American and keep it strong we must educate our young people! If they are United States Citizens they should be able to attend a good school. A "good school" is subjective to everyone, therefore, let the parents decide on which school is best for their children.
Us parents need options.

Yours truly,

Annette Callahan
