This citizen of Northern Connecticut, now getting on in years, has noticed the step increase in crime over the last year or so. Much could be blamed on the population increase of underachievers getting onto the Public Dole. Since the start of the "Get-out-of jail free" effort, there has been additional "seasoned" bad actors returned to the streets....their favorite hunting ground. What was our Representatives to Connecticut Legislature thinking? Were they thinking release would make them "all better"?

Now is the time to repeal that grievous error and pass into law Senate Bill 123: AN ACT REPEALING THE RISK REDUCTION CREDIT PROGRAM.
