Support bill 123

For the last 3 months the Connecticut legislature has been trying to take away or severely curtail my 2nd amendment rights. Not complying with the new gun laws would make me an overnight felon. I have done nobody any harm. I have broken no laws. I'm a father of 2 young teens, a husband, and a teacher in a public school and if I don't comply, a felon.

If I understand this correctly you want to release convicted murders, rapists and child molesters early for good behavior? Where was their good behavior when they were killing, raping and pillaging in Connecticut?

Let me get this straight. Make me a felon because one of my guns has an extra handle and release murders, rapists and child molesters because they have been "good" in prison? Something is very, very wrong.
